

Who we are

Our founder and some of our associates have led and managed pension departments for major companies and their smaller subsidiaries, establishing best practices and managing change programmes.

What we believe

Conflicts must be recognised and managed, but the best outcomes are often delivered when advisers, service providers, trustees and sponsors are working together to develop one plan that provides security of benefits for members in a cost effective manner.

A Scheme Secretary that is independent of the scheme sponsor, service providers and advisers can ensure integrity, compliance and cost effectiveness, without fear of conflict.

We value and will maintain our independence of other service providers

“We have real hands on experience, so we know what works and what doesn't.”

“When choosing a consultant it's nice to know that they've done the job and walked the talk.”

Why use us

The difference at Inside Pensions is that our people have drawn up and implemented change strategies and improved pension processes as leaders of in-house teams, pioneered best practice solutions and are actually authors of the terms 'buy-in' and 'managing liabilities.'

Inside Pensions employees and associates are experienced and qualified Scheme Secretaries, Pension Managers, Accountants, Admin Specialists, and Independent Trustees. We can work individually or in small teams depending on the assignment.

Short term appointments of specialist independent support can be fundamental to making sure that you get from A to B efficiently.
